IN SOFT COAL FIELD

PENNSYLVANIA RAILROAD DIS-
CRIMINATED IN DISTRIBUTION
OF CARS.

RECEIVED LARGE REBATES

BUSINESS FIRMS OBTAINED IM-
MENSE SUMS FROM AN UN-
KNOWN SOURCE.

Philadelphia, May 25.—Additional
evidence of discrimination by the
Pennsylvania railroad in the distribu-
tion of cars in the soft coal field was
presented to the interstate commerce
commission here. John Lloyd, a
banker and coal operator of Altoona,
who is one of the members of the
banking firm of Cassatt & Co., testi-
fied that the Columbia Coal company
was forced to sell the Alexandria mine
because of the shortage of cars, and
George E. Scott of the Puritan and
Crescent Coal companies declared he
paid for the use of railroad cars when
he failed to secure his allotment and
that during a period of twenty-three
days the railroad had furnished him
with only one car. He also asserted
that Michael Trump, general superin-
tendent of transportation, had told
him the company had intended to
protect the Berwin White company at
all hazards.

During the time Mr. Lloyd was on
the stand counsel for the commission
made persistent efforts to force an
admission that he had been associated
in a business way with President
Cassatt. Mr. Lloyd, however, said
his only

Relations With Mr. Cassatt
were through Cassatt & Co., with
whom President Cassatt carried a per-
sonal bank account. The railroad
company had for many years been a
depositor with the First National bank
of Altoona, of which Mr. Lloyd is
president.

Mr. Lloyd also gave testimony con-
cerning the organization of various
mining companies in which he is in-
terested, stating that he considered
it good business policy to have rail-
road men among the stockholders of
the coal companies.

Frederick Vrooman, an assistant
trainmaster, told the commission that
he had received gifts of money in
amounts from \$5 to \$20 from various
coal companies for favors which he
did not grant.

The commission received a tele-
gram from a process-server who went
to Irwin, Pa., the home of Congress-
man George F. Huff, who, it has been
repeatedly testified, made gifts of
stock in various coal companies to
railroad officials. The telegram stated
that the officers were unable to serve
the subpoena upon Colonel Huff, as
the latter locked himself in his house
and evaded the server by escaping by
way of the cellar. It was learned
later that he had left town.

FROM UNKNOWN SOURCES.

Business Firms Said to Have Received
Large Sums of Money.

Kansas City, May 25.—Members of
half a dozen large business firms ad-
mitted here at the trial in the federal
court of George H. Crosby, the Burling-
ton traffic manager; George L.
Thomas, the New York freight broker,
and the latter's clerk, L. B. Taggart,
that they had received thousands of
dollars in commissions from "un-
known sources." All of the firms had
hired Thomas to attend to the ship-
ping of their goods from the Atlantic
seaboard to their stores in St. Louis
and Kansas City, but none of the wit-
nesses would say that these sums of
money had come from Thomas. W.
E. Emery, a member of the Emery-
Bird-Thayer Dry Goods company of
Kansas City, who admitted receiving
\$1,500 to \$2,000 a year, said he did
not know who sent it, but "supposed
it came from Thomas." Notwithstand-
ing the large sums thus paid in com-
missions none of the firms had kept
any record of the amounts, according
to the evidence. All payments were
made in New York.

Several officials of the Burlington
railway were examined as to the pay-
ment of these commissions and their
testimony developed the fact that the
vouchers for the amounts had disap-
peared.

The government rested their side
of the case in the afternoon when
Judge O. M. Spencer, for the defend-
ants, filed a demurrer in all the cases,
arguing that no evidence had been
produced to show a case of con-
spiracy, and, even if such evidence
had been presented, the court lacked
jurisdiction, as the alleged crime was
committed in New York and not in
Missouri. He asked that the case of
Crosby be dismissed. Judge Smith
McPherson overruled the motion as
to Crosby and said an argument as to
the demurrer would be had later.

IN STANDARD OIL HEARING.

No Decidedly Sensational Testimony
Introduced.

Cleveland, May 25.—In two pro-
tracted sessions the interstate com-
merce commission, Members Prouty
and Clements in attendance, heard
evidence bearing upon the business
methods of the Standard Oil com-
pany. The sessions were a continua-
tion of the investigation adjourned in
Chicago nearly two weeks ago.

The hearing may be extended into
next week. Only four witnesses were
examined the first day. Those who
testified were F. B. Westgate of Titus-
ville, Pa., treasurer and general
manager of the American oil works;
State Senator J. W. Lee of Pittsburg,
and Frank B. Fretter, secretary of the
National Refining company of Cleve-
land and president of the National
Pipe Line company, having several
small pipe lines in Ohio oil fields.

The witnesses were allowed great
freedom in making statements and
they were only occasionally interrup-
ted by the Standard Oil company's at-
torneys, Virgil P. Kline and F. H.
Tolles. The commissioners' ruling set
aside all the objections of the Stand-
ard's attorneys. The commission was
represented by J. T. Marchand as
chief counsel and Former Attorney
General of Ohio Frank S. Monnett as
special counsel.

No decidedly sensational testimony
was introduced but most of it re-
lated to methods which the so-called
trust took to prevent competition and
drive its rivals out of business. Much
evidence was offered showing that
railroad companies took considerable
part in aiding the Standard Oil com-
pany to fight its rivals.

RUSH ORDERS RECEIVED.

To Move Offices of Oil Company Out
of Texas.

Dallas, Tex., May 25.—A dispatch
to the Times-Herald from Marshall,
Tex., states that General Manager
Acker of St. Louis, Managers Cahoon
of Dallas and Tries of Houston, for
the Waters-Pierce Oil company, met
there and received rush orders to
move the Texas and Louisiana di-
vision offices to Shreveport, La.

The assistant manager of the com-
pany here could not confirm the re-
port, although he intimated that the
move had been expected for some
time.

SCORES OF INDICTMENTS.

True Bills Returned Against Bank
Owners.

Peoria, Ill., May 25.—The four prin-
cipal owners in the failed Teis bank
of Pekin, Ill., have been indicted
under 125 counts each by the
Tazewell county grand jury, which has
just adjourned.

Judge Worthington fixed the bond
of the defendants at \$35,000 each and
securities were furnished at once. The
true bills each charge embezzlement
and each count is based on the charge
of an individual depositor who placed
money in the bank after evidence of-
fered to the grand jury indicated that
the institution was insolvent.

The men under indictment are D.
C. Smith, the aged head of the firm;
E. F. Unland, Conrad Luppen and
Henry Block. Habbe Velde and
Luppe Luppen, also partners in the
bank, were held by the grand jury to
have had no knowledge of the bank's
insolvent condition. The trial of the
indicted bankers cannot take place be-
fore the September term of court.

The Teis Smith bank failed on
April 2. D. C. Smith, Sr., was at one
time very prominent in Republican
politics in Illinois, and defeated Ex-
Vice President Adlai E. Stevenson for
congress.

UNION IN FULL FORCE.

Final Action Taken Reuniting Two
Branches of Presbyterian Church.

Des Moines, May 25.—"I do solemnly
declare and here publicly announce
that the basis of reunion and union is
now in full force and effect and that
the Cumberland Presbyterian church
is now reunited with the Presbyterian
church in the United States of Amer-
ica as one church."

With these words uttered before the
general assembly Moderator Hunter
Corbett officially established the union
of the Cumberland church with the
Presbyterian church in the United
States of America.

The big ecclesiastical assembly
burst into a storm of rejoicing. Hand-
clapping, cheering and waving of
handkerchiefs gave expression to un-
alloyed pleasure. The consummation
devoutly wished and worked for
through many years, despite many ob-
stacles, had become a reality.

The assembly telegraphed the Cum-
berland assembly at Decatur, Ill., of
the action on the question of union
immediately after the juncture was
declared operative and received a
telegram in reply containing congratu-
lations, announcing the official receipt
of the information and the adjourn-
ment of the Cumberland assembly.

Puter Under Arrest.

San Francisco, May 21.—S. A. D.
Puter, who is wanted by the federal
authorities of Oregon to answer the
charge of complicity in land frauds,
has been arrested in Alameda.

FREE ALCOHOL BILL

SENATE FINALLY PASSES THE
MEASURE AFTER CONSIDER-
ABLE DEBATE.

RESTRICTIONS ARE REMOVED

BILL PASSED BY SENATE SAID
TO BE BETTER THAN THE
HOUSE MEASURE.

Washington, May 25.—After consid-
erable debate the senate passed the
bill relieving denatured alcohol from
the internal revenue tax and then
took up the agricultural appropriation
bill, which was still under considera-
tion when the senate adjourned. The
discussion of the alcohol bill turned
largely upon the effect of the legis-
lation on the manufacture of wood al-
cohol, which Senator Aldrich asserted
would be greatly injured.

Senator Hale criticised some of the
provisions of the agricultural bill as
manifesting too strong a tendency
towards paternalism.

The free alcohol bill passed by the
senate is regarded by the friends of
the measure as much more liberal
than was the bill which passed the
house. Considering all that was said
about the shabby treatment which it
was alleged the bill would receive in
the senate, the friends of the measure
are greatly pleased that the senate
has passed the bill with more gener-
ous terms than it contained when it
passed the house.

The only material change to which
objection might be made is the de-
fering of the time for the law to be-
come operative until Jan. 1 next. This
action was taken upon the recommen-
dation of Secretary Shaw of the treas-
ury department. Secretary Shaw ex-
plained to the finance committee of
the senate that it will require some
time

To Perfect the Official Machinery
for operation under the proposed law,
especially in the work of segregating
the taxed articles from that which
will bear no tax.

The most important change made
by the senate, however, is the re-
moval of the bonding restrictions con-
tained in the bill as it passed the
house. Under the bill as it passed
the senate the untaxed alcohol can
be placed on the market direct from
the stills where the denaturizing pro-
cess is conducted. This will result in
a saving on the original cost of the
article that is to be used for indus-
trial purposes. The senate has not
imposed any upon the denaturized ar-
ticle, but made a direct appropriation
of \$25,000 to meet the expense of in-
spection required under the treasury
regulations.

The so-called "free alcohol" bill al-
ready has passed the house and the
amendments which the senate has
adopted do not materially change its
scope. It does not go into effect un-
til Jan. 1, 1907. There was some de-
bate on the measure and the neces-
sity for the amendments explained. The
bill was passed without division.

ORATORY IN THE HOUSE.

Nothing of a Legislative Character Ac-
complished by That Body.

Washington, May 25.—Well filled
galleries and a large membership on
the floor listened with great attention
in the house of representatives to two
leaders of opposite schools of poli-
tics—Representative Charles A.
Towne of New York and Representative
John Dalzell of Pennsylvania.

Mr. Towne was in splendid voice
and the Democrats applauded him to
the echo. His strictures on the presi-
dent were received with continued
handclapping on the Democratic side
and when he read the president out
of the Democratic party the minority
applauded. Mr. Dalzell, who followed
Mr. Towne, spoke in favor of "letting
well enough alone," his speech being
enthusiastically applauded by the Re-
publicans.

Nothing of a legislative character
was accomplished by the house, the
day being given over to oratory.

TO CLIMB MOUNT HUASCARAN.

Daring Feat Will Be Attempted by an
American Woman.

New York, May 25.—A daring moun-
tain climbing exploit is planned by
Miss Annie S. Peck, the famous woman
Alpinist of Providence, R. I., who
sailed from here Thursday for
Colon. Alone, except for such na-
tives as she accepts as guides, Miss
Peck will attempt to climb Mount
Huascaran, said to be the highest
peak in the Andes mountains. She
will make the climb equipped with
scientific instruments with which to
determine whether Huascaran is of
greater altitude than Mount Allamapu,
which has an estimated height of 21,
500 feet.

STORE NEWS

Come out to our store
tomorrow for the neat articles
in dress accessories; all are new.

Our store has a well deserved reputation for the
novel accessories that give such desirable distinc-
tion in dress. It is at this season of the year that you
will appreciate these things and it will be wise for
you to make an early selection. Ask to be shown the
new things.

Now that school is over
the girls can take more interest
in art needlework. Some new things.

We will give instructions in art needlework tomor-
row morning from 9 to 11, and this will be the last
Saturday class until fall. We will change the day
to Tuesday, and the classes will meet every Tuesday
afternoon from 2 to 4 hereafter. Plan to have the
young ladies attend every Tuesday. We have some
pretty things in pillows, quite new and novel.

H. F. MICHAEL Co.

INDIAN APPROPRIATION BILL.
Complete Agreement on Measure
Reached by Conferees.
Washington, May 25.—Complete
agreement has been reached by the
conferees on the Indian appropriation
bill on all points of dispute between
the senate and house, and the report
has been signed. The chief differ-
ences raised by senate amendments
were disposed of by agreements as
follows:

No allotment of lands in severalty
to Indians on the various reservations
shall become liable to the satisfaction
of any debt contracted prior to the is-
suing of the final patent.

Five thousand dollars of the appro-
priation for the transportation of pu-
pils to and from Indian schools may
be used by the commissioner of In-
dian affairs in placing pupils in po-
sitions where remunerative employment
can be found for them in industrial
pursuit.

Railroad rights of way through In-
dian reservations and lands shall not
exceed 50 feet in width on each side
of the center line of the road except
where there are heavy cuts and fills,
when the right of way shall not ex-
ceed 100 feet on each side of the center.
Railroad buildings and switches
shall not occupy more than 200 feet
in width and 3,000 feet in length ad-
ditional and not more than one sta-
tion shall be situated within any one
continuous length of ten miles.

Officers of the army shall not serve
as Indian agents.

An appropriation of \$100,000 is
made to purchase land for landless
Indians in California.

The conferees agreed to the senate
amendment to carry into effect the
provisions of the agreement entered
into by James McLaughlin, an In-
dian inspector, acting on the part of
the United States and the tribes of
Indians belonging to the Klamath In-
dian agency in Oregon. This agree-
ment has been pending before con-
gress for ten years. Under the treaty
the lands ceded by the Indians com-
prised 621,824 acres, for which the
United States was to pay \$537,007.

ONE KILLED AND FIVE HURT.

Two-Story Brick Structure at Pitts-
burg Collapses.

Pittsburg, May 25.—By the col-
lapse of a two-story brick structure on
Baum street in the East End that was
being remodelled here, one man was
killed and five were more or less se-
riously injured. The victims were
with one exception carpenters and la-
borers employed on the building. The
dead man was Patrick O'Donnell, a
carpenter, Morgan S. Simms, pro-
prietor of the building, sustained in-
ternal injuries and bruises.

There were nineteen laborers in the
building when the collapse came, but
many made their escape from the
building. The accident was caused
by the excessive weight of heavy
trusses that were being put in to
support the second floor sufficiently to
carry the weight of automobiles in
storage.

RAILROAD NEWS

Items of Interest Regarding Railroads
and Railroad Employees

The Union Pacific is arranging an automobile service into the Shoshone reservation from Rawlins during the rush attendant upon the opening of the reservation. The run will be a distance of 100 miles and the railroad thinks it can get a fair share of the traffic from the roads that enter the reservation direct. The claim is made that they can put passengers in there in less time than by the all rail route.

Cheap Rates to St. Cloud.

The Northern Pacific Ry. will have the rate of one and one-third fare for the round trip for the Minnesota State Association B. P. O. E., at St. Cloud, June 14-15. Dates of sale June 13 and 14, with final return limit June 16th. Half fare for children at half fare age. 298tf

EXPECTS MOB TO ATTACK JAIL.

Negro Tremblingly Awaits Coming of Indiana Lynchers.

Bloomfield, Ind., May 25.—Trembling in his cell in the Green county jail, Robert Williams, the negro charged with the murder of Mr. Collins, the Indianapolis Southern construction foreman, is momentarily listening for the attack of a mob. The presence of the sheriff and a half dozen deputies in the jail, with a formidable array of revolvers and rifles, shows how serious the situation is. Threats against the negro have become stronger, and trouble is expected at any time.

The Terre Haute militia company has been ordered to be in readiness for a hasty trip to Bloomfield.

A BAD FIRE AT WALKER

Two Buildings Destroyed and
Several Others Badly Dam-
aged by the Flames.

ENTIRE TOWN IN DANGER

Origin of the Fire is Unknown—
Little Insurance Carried
by Losers.

Walker, Minn., May 24.—Fire early this morning totally destroyed the buildings occupied by M. J. Foley's saloon, and Miss Bertrand's dress making parlors and residence, in the very center of the village. The Farmers' Place saloon was about half consumed and the building of William Dearing was also scorched. The fire started in the Foley building and was first discovered at about 12:30. The origin is unknown. It is a total loss to most of the parties.

A light wind from any direction would undoubtedly have caused the entire business section to be destroyed.

PROSPECTS OF GOOD SEASON

Brainerd Creamery is Doing Good Business this Spring all Things
Considered.

The Brainerd creamery, which commenced business for the season the first of the month, is having a good run of business and the prospects for the season are very bright. The farmers are showing more interest in the matter than ever before and many inquiries are being made as to prices paid. Many separators are being purchased and there is reported to be a good demand for milk cows.

The other creameries in the county are also reported as doing a good business this spring and indications are that the farmers' institute and Prof. Pratcher's address last fall are beginning to have their effect.

MUSIC AND DRAMA.

"MY WIFE'S FAMILY."

The Winnipeg Free Press of Tuesday contains the following concerning "My Wife's Family" Co., which appears at the opera house tomorrow night:

"The domestic complications caused by mothers-in-law have from old been a favorite theme for cartoonists and writers of comedy, and some of these complications were aired for two or three hours at the Winnipeg theatre last evening.

"The string of possible or improbable incidents that kept the audience in laughter, is called 'My Wife's Family.' Its writers designate it as a 'merry, farce-comedy.' There's no doubt about the merriment as the fun never lags for a half-minute—and it's genuine farce-comedy of the good old-fashioned kind.

"His wife's family has been the skeleton in the domestic closet of many a married man—and still is, for that matter, and in 'My Wife's Family' the mother-in-law of the comic sheets and colored supplements has her innings in great style. She wrecks the happiness of a home throughout three funny acts, and creates no end of comical complications, tyrannizing and domineering over every member of the caste individually and collectively.

"Ed. E. Perry and Frank Appleton, the former as the son-in-law, and the latter as 'Doc Knott—my wife's doctor,' are the headliners in the caste, and there is 'somethin' doin' all the time they are on the stage. Both are old time leading vaudeville performers, and expert fun-makers. 'Doc Knott's' make-up would make a horse laugh.

"Another clever male member of the company, is Charles Mitchell who, as Noah Nagg, the unfortunate and much-enduring husband of the shrewish mischief-maker, is as funny as he is lugubrious.

"There are two other exceedingly nimble members in the company—Ruby Raymond and Marie Hawthorne. Their whirl dance was a clever feature, and was very pretty.

"If you want two hours' fun without demanding that it be probable or reasonable, if you just want to be amused at a succession of ludicrous situations, you'll line up at the box office and get tickets for either tonight's or tomorrow's performance."

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.
Sold by Druggists. Price, 75c. per bottle.
Take Hall's Family Pills for constipation.

Before buying or selling a farm, or any kind of city property, call on SMITH & ONSTINE, Sleeper Block. 245tf

KIDNEY TROUBLE

Cured By

Cooper's New Discovery

Which Restores These Important Organs of the Body
to Their Normal Condition. Regulating the Urine
and Strengthening the Back.

This Letter Tells You How to be Cured.

THE COOPER MEDICINE COMPANY:
Gentlemen: For years I have been a great sufferer from Kidney and Urinary Trouble. I had a severe pain in the lower part of my back and my urine was cloudy and contained a sediment. I had only used one bottle of Cooper's New Discovery when the pain had entirely disappeared and my urine became perfectly natural with no sediment. My kidneys are in fine condition and my general health is greatly improved. Cooper's New Discovery is a remarkable medicine and I can heartily recommend it to everyone suffering from Kidney and Urinary Trouble. Signed: JACOB WEBER.

716 W. 10th St., Indianapolis, Ind.

ARE YOUR KIDNEYS WEAK?

If so, you need Cooper's New Discovery. A few bottles of this New Discovery in Medicine will restore them to their normal condition and prevent the formation of Uric Acid.

One Bottle of Cooper's New Discovery Will Surprise You.

Cooper's New Discovery costs \$1.00 per bottle; three for \$2.50; six for \$5.00. Cooper's Quick Relief, the assistant remedy, sells for 50c. Get them only of the dealer whose name appears below. Or where we have no dealer you can secure them by sending the price direct to

ATTENTION SONS!

All Sons of Veterans Should be in Line for Memorial Services and Sermon.

It is the wish both of the old soldiers and Logan Camp, Sons of Veterans, that there be a full turnout of the Sons of Veterans, both to the Sunday services and the Memorial Day exercises. The following order has been issued.

SPECIAL ORDER NO. TWO.

Headquarters Logan Camp, S. of V. No. 29.

Brainerd, Minn., May 24, 1906.

Memorial Day is near at hand, when the Sons of Veterans are expected to assist the veterans in the observance of the day. Let every son of a veteran turn out on that day to do honor to our fathers and the heroic dead. It is therefore ordered that all members of Logan Camp No. 29, meet at the armory, 212 North Broadway, on Memorial day at 12:45 sharp, to march to the I. O. O. F. hall at 1 o'clock, to act as escort to the G. A. R. on the march to the cemetery.

Also on Sunday morning let us all meet with the G. A. R. at Odd Fellows' hall at 10 o'clock, to act as an escort to them to attend memorial services at the First Baptist church.

All Son of Veterans, whether mem-

bers of the order or not, are invited to join with us on these occasions.

By order of

W. S. TRACY, Capt.

DOING BIG BUSINESS

Minnesota & International Puts in Order for 94 Foreign Cars to be Loaded.

Probably the largest single order for cars from foreign roads to be loaded on the Minnesota & International was made today when 94 cars were ordered from various lines. This means that a hundred carloads of stuff has been contracted for to be shipped out over the M. & I. It is a good indication of the manner in which the country north of us is being developed and the good growth the road is making under the present management. This of course does not include log cars of which the road and the N. P. have a good supply.

Special Rates to Minneapolis

On account of the grand lodge, grand encampment, Patriarchs Militant and Robekah Assembly (I. O. O. F., of Minnesota, at Minneapolis, June 11 to 16, the Northern Pacific will sell round trip tickets for one and one-third fare. Tickets will be on sale June 10 to 12, inclusive, with a return limit June 16. Half fare rates to children of half fare age.

GRAND REUNION

B. P. O. ELKS

Second Annual Reunion of the State Association to be Held in St. Cloud.

TO BE HELD JUNE 14 AND 15

Many Will Attend from Here— Good Program Prepared and Lots of Fun in Sight

"Minnesota Elks are planning for a jolly reunion at St. Cloud June 14th and 15th, when the second annual meeting of the State Association will be held in that city. The first meeting was held in Duluth last June and proved very successful. The railroads have made a rate of one fare for the round trip from all points in the state that have Elks lodges and special trains will be run from the larger cities. There are over 4,000 Elks in the state and it is estimated that about 1,000 will attend the re-union at St. Cloud. Ample hotel accommodations have been arranged and St. Cloud Lodge No. 516 is making every effort to give the visitors a good time. Special attention has been given the program with a view to making it pleasant for the ladies. On the first day, Thursday, June 14th, there will be a reception to the ladies at the Elks' hall from 2 to 4 o'clock. During the same hours the Elks will hold their business session at the Opera House. In the evening there will be a ball in a spacious ball room containing 12,800 square feet. Those who prefer will be given a vaudeville entertainment at the opera house which will be free to visiting Elks. On the morning of the second day there will be a parade in which all visiting Elks will participate. The different lodges will appear in the parade in uniforms. In the afternoon of Friday numerous features have been planned including a program of old fashioned sports. All the visitors who desire will be provided with automobiles and shown to points of interest about the city and the vicinity, such as the mammoth new paper and pulp works, the State Reformatory, and other places where they will be entertained in various ways. Reports received by the officers of the state association indicate that much interest is being manifested in the approaching meeting. Many of the Elks in the neighboring cities are planning to make the trip in automobiles, and the committee has information of twenty or thirty such parties that have already been planned."

The above notice sent out by the press committee sets forth what the antlered brethren may look forward to. At a recent meeting of the local lodge all members who can attend the St. Cloud meeting were requested to hand their names to Exalted Ruler E. O. Webb before June first.

10c Extra, for a sack of OCCIDENT FLOUR is a good investment

It is safe to say that the girls of 1906 are sweeter and more beautiful than the girls of war times. The up-to-date girls all take Hollister's Rocky Mountain Tea. 35 cents, tea or tablets. H. P. Dunn & Co.

Notice

The Daily Dispatch will be on sale every evening as heretofore at R. D. King's, Front St.

THE PLAIN TRUTH.

What More Can Brainerd People Ask?

When well-known residents and highly respectable people of Brainerd make such statements the following, it must carry conviction to every reader:

Mrs. Fred Stilling, wife of Fred Stilling, engineer on the M. & I. R. R., and living at 224 Ninth St., N., Brainerd, Minn., says: "Railroading with its jolting and jarring and being cramped up in an engine cab had the usual effect on my husband's back and kidneys. Most railroad men have experienced this trouble. I have heard him say at times he could not get out of his cab without his back hurting him so that it would be five or ten minutes before he could straighten up. Not long ago the trouble became so aggravated that he thought he would have to give up and go to the hospital for treatment. However we knew about Doan's Kidney Pills and procured a supply of them at H. P. Dunn & Co.'s drug store. Their use as directed cured the backache and restored the kidneys to a proper working order. After this gratifying result it is needless to say we hold Doan's Kidney Pills in high estimation."

For sale by all druggists. Price 50 cents. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no other.

Cattle Wanted to Pasture

Ninety acres good pasture on Dr. Roys' farm, 1 mile south of town. Running water. Good fences. Enquire of Thos. Welch.

TO DEVELOP

NEW FIELDS

Attention of Iron Prospectors is Being Turned to Northern Part of County.

PROSPECTING IN CASS ALSO

Big Duluth Firm Buys Lands Heavily Between Mesaba and Cuyuna Ranges.

There have been sporadic efforts made at investigating the prospects for iron in nearly every part of Crow Wing county, but it is only recently that there has been any effort made to develop these finds in any definite and systematic manner. The attention now however, is even being turned to Cass county as well. It has just transpired that Richleau & Whiteside, one of the heaviest firms in Duluth, has purchased about 17,000 acres of land between the known western end of the Mesaba range and Pine river. This firm is said to be running several drills in that section, and other firms owning land in that section of Cass and Crow Wing are beginning to prick up their ears, so to speak.

Dr. MacMurphy, of Ortonville, and E. M. Hukill, of Pittsburgh, Penn., are in the city today. Mr. MacMurphy owns a large tract of land west of Emily and Mr. Hukill, who is a gas and oil man of fifty years' experience, has leased it and is looking matters up with a view to developing it. The gentlemen are greatly interested in the Cuyuna range and other properties in this section of the state and have been waiting today for weather to permit a careful drive over the territory. Mr. Hukill states that there is considerable talk of the Cuyuna in iron circles in Pittsburgh and he deems it at least worth giving a thorough investigation. The gentlemen will only remain here a few days but expect to make arrangements for early investigation of their properties. They go to Deerwood this afternoon to meet Mr. Adams and Mr. White.

NO EXCUSE FOR CATARRH

Worst Cases Quickly Cured by Breathing Hyomei. Guaranteed by H. P. Dunn & Co.

There is really not the slightest excuse for anyone having catarrh, now that Hyomei is so widely known and so easily obtained. The worst cases of catarrh are quickly cured, simply by breathing the remedy through the pocket inhaler that comes with every outfit.

The complete outfit, consisting of a neat pocket inhaler, a medicine dropper, and a bottle of Hyomei costs only one dollar, while extra bottles can be obtained for 50 cents, making Hyomei the most economical, as well as the most reliable method for curing catarrh.

H. P. Dunn & Co. positively guarantee a cure when Hyomei is used in accordance with directions, or they will refund the purchase price.

A course, leathery complexion made unbecomingly eruptions, calls for a general reform in living. The diet should be plenty of Hollister's Rocky Mountain Tea. 35 cents, tea or tablets. H. P. Dunn & Co.

Until Dr. Adler's Treatment was discovered there was no medicine that would reach the human appendix. No wonder appendicitis was ever on the increase. But it need not be feared any longer for an occasional dose of this medicine will positively prevent appendicitis. Johnson's Pharmacy.

Volo

Perfect in Every Detail

Although every part and principle of the sewing machine has been studied, improved and perfected to make the Volo the best and easiest running machine on the market, other features for general convenience have not been neglected.

On one side there are two dust proof drawers of equal depth. On the other a shallow drawer contains spindles for spools and an emery cushion. Beneath this drawer is a deeper one in which an oil can may be stood upright. The body of the machine is dust proof so that in standing the dust cannot penetrate it and reach the head. It has roller-bearings and is adjusted with the most painstaking care; the result is, the Volo is the fastest sewing, easiest running and most convenient for every use, and does work that cannot be equalled with any other machine in the world. The stand is highly finished in black with the finest Japan, and in addition is finished with a high grade varnish. The Volo represents perfection in material, workmanship and efficiency.

Price, \$40.

Every Volo fully guaranteed.

Failing Strength

A weak and exhausted condition usually follows overwork, too close confinement, or unusual mental strain. Every day a certain amount of vitality is consumed, and if not replenished by sleep, rest and nourishment, soon wrecks the nervous system. The results are sleeplessness, headache, indigestion, imperfect circulation, etc., which affects the organs of the body.

Restore your nerve strength—your vitality, with Dr. Miles' Nerve, and your whole system will recuperate. Your sleep will be sound and refreshing, headaches will disappear, and digestion improve.

"When I began taking Dr. Miles' Restorative Nerve I was physically in a very bad condition. I was weak and exhausted, and hardly able to keep up. I could not eat sufficient to keep up my strength. I suffered greatly from sleeplessness, and got very little rest. The Restorative Nerve soon brought refreshing sleep, and I gained rapidly in strength until I was fully restored. I have since taken it whenever I have felt the need of a nerve tonic, and always with very satisfactory results."

Dr. Miles' Nerve is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

Miles Medical Co., Elkhart, Ind

Minister Killed by Rebels.

Riga, Russia, May 25.—The Rev. Mr. Green, pastor of a German church at Ervalen, Courland, was shot and killed by a revolutionary band while on the way to officiate at a confirmation ceremony.

RECEIVING TELLER MISSING.

Said to Have Taken Money From a Milwaukee Bank.

Milwaukee, May 25.—The Marshall & Heley bank has issued a statement announcing the absconding of a receiving teller, saying in part:

"Arthur George Reinke, receiving teller of the Marshall & Heley bank, has absconded. He entered the employ of the bank about four years ago, and, showing unusual ability, rose rapidly from the position of messenger to that of receiving teller, to which he was promoted two months ago. His employers had no reason to suppose that the young man lived beyond his income until two days ago, when they received information that he passed most of his Sundays in Chicago, where he spent money lavishly. He was at once confronted and protested that, while he went to Chicago frequently, he was in no way extravagant. The officers of the bank, after a careful examination of his accounts, found a shortage of \$14,000, the greater part of which had been taken recently. Reinke has disappeared from the city."

Killed in Auto Accident.

Paris, May 25.—William M. Groff of Philadelphia was killed in an automobile accident at Colignieres on the road between Rambouillet and Versailles. A party consisting of Mr. Groff and his wife, Richard C. Perkins and Krause, a chauffeur, were returning from Chartres when the automobile skidded and was wrecked. Mr. Groff's head was crushed. The others of the party escaped with cuts, bruises and shock.

Agrarian Disorders Dreaded.

Odessa, May 25.—Angered by the delay of the agrarian problem, the peasants on twenty-seven estates in the province of Kherson have joined a general strike by refusing to engage in spring work, to precipitate an immediate division of lands. The movement is spreading to other provinces and a renewal of agrarian disorders is dreaded.

CREATES A SENSATION.

Unexpected Return of Emperor Francis Joseph to Vienna.

Vienna, May 25.—Emperor Francis Joseph's unexpected return to Vienna has created a sensation. The emperor, according to the original plans, should have gone from Budapest to Brueck for a two days' inspection of the troops there, in the presence of Field Marshal Count von Moltke, chief of staff of the German army. The sudden change in the emperor's plans is officially ascribed to the appearance of several cases of meningitis in the Brueck camp, but it is rumored that the real reason is political difficulties. The emperor's health is reported to be excellent.

Killed by an Electric Shock.

Minneapolis, May 25.—Edward E. Cronin, who lived at 942 Central avenue, Minneapolis, was instantly killed by a shock from a live wire with which he came in contact as he was trying to climb through the window of a blacksmith shop at 930 Central avenue to extinguish a fire.

Valuable Plant on Fire.

La Crosse, Wis., May 25.—A telephone message at 1:50 a. m. from Winona, Minn., reports that the Union Fiber company's plant is burning. The value of the plant is from \$50,000 to \$100,000. There was a \$10,000 fire at this plant a few days ago.

Fire in a Colorado Mine.

Trinidad, Colo., May 25.—Fire is raging in the Engleville mine of the Colorado Fuel and Iron company, one of the oldest in Las Animas county, and all efforts to surround and smother it have been fruitless. All the miners escaped.

Earthquake in Utah.

Ogden, Utah, May 25.—An earthquake shock was felt at 2 p. m. at West Weber, four miles west of Ogden. Buildings were shaken and much excitement prevailed but there was no damage.

SEA LEVEL WATERWAY

ENGINEER OF MANCHESTER SHIP

CANAL GIVES HIS VIEWS ON ISTHMIAN PROJECT.

PARAMOUNT CONSIDERATION

SHOULD BE CONSTRUCTION OF A DITCH THAT WOULD BE SAFE TO NAVIGATION.

Washington, May 25.—W. Henry Hunter, chief engineer of the Manchester ship canal and one of the foreign engineers charged by the president to investigate the Isthmian waterway project, has written a letter to Senator Kittredge, saying that, after reading the report presented by the minority of the board of consulting engineers, he is confirmed in the opinion he had formed in favor of the construction of a sea level canal. The letter was introduced in the senate by Senator Morgan and ordered printed as a public document.

The paramount consideration in the discussion as to the type of the Panama canal, said Mr. Hunter, should be the provision of a waterway which will, so far as human effort can secure such a result, be absolutely safe as to navigation and therefore shall not present any peculiar hazards to traffic and shall not include any inherent features which may make for disaster to vessels in transit and for the destruction of the works when completed. He says it is impossible to deny that the employment of locks of great size and particularly of lifts of height beyond all precedent in engineering practice will mean that the canal will during the period of its existence be encumbered by obstructions that can neither be avoided nor removed, "and which will put every line of little ship and every large commercial steamer into peril on each occasion upon which any such vessel shall traverse the Isthmian waterway."

Accidents of Daily Occurrence.

Mr. Hunter reviews at length accidents in daily occurrence at lock canals and the collisions at the Manchester ship canal, resulting in the destruction and carrying away of gates. In nearly all of the accidents it was shown that they arose from causes impossible to guard against—that is, from the fallibility of the human organism as a working mechanism, through the misconstruing of orders and similar mistakes. So far as the double locks, proposed by the minority, are concerned, Mr. Hunter says the probability is that the result "would be that not only two pairs of gates would be wrecked instead of one, but that the vessel herself would be sunk in the lock."

He says it is upon the experiences he has had that he bases his opinion that in the case of immense locks proposed by the minority of the board of consulting engineers that; "if the gates are carried away by a downward bound vessel no power on earth can stop the rush of water, that the velocity of the stream through the lock will be such that any vessel will be carried on thereby and that if the occurrence takes place in the flight of locks proposed at Gatun, the vessel will be plunged from step to step to destruction, while the group of locks probably will be wholly wrecked, and the canal rendered inoperative."

MARKET QUOTATIONS.

HABIT-FORMING MEDICINES AND DRUGS.

Whatever may be the fact as to many of the so-called patent medicines containing injurious ingredients as broadly published in some journals of more or less influence, this publicity has certainly been of great benefit in arousing needed attention to this subject. It has, in a considerable measure, resulted in the most intelligent people avoiding such foods and medicines as may be fairly suspected of containing the injurious ingredients complained of. Recognizing this fact some time ago, Dr. Pierce, of Buffalo, N. Y., "took time by the forelock," as it were, and published broadcast all the ingredients of which his popular medicines are composed. Thus he has completely forestalled all harping critics and all opposition that might otherwise be urged against his medicines, because they are now of known composition. Furthermore, from the formula printed on every bottle wrapper, it will be seen that these medicines contain no alcohol or other habit-forming drugs. Neither do they contain any narcotics or injurious vegetable, extracted from the roots of medicinal plants found growing in the depths of our American forests and of well recognized curative virtues.

Instead of alcohol, which even in small portions long continued, as in obstinate cases of diseases, becomes highly objectionable from its tendency to produce a craving for stimulants, Dr. Pierce employs chemically pure, triple refined glycerine, which of itself is a valuable remedy in many cases of chronic disease, being a superior demulcent, anti-septic, anti-ferment and supporting nutritive. It enhances the curative action of the Golden Seal root, Stone root, Black Cherry-bark and Bloodroot, contained in "Golden Medical Discovery," in all bronchial, throat and lung affections attended with severe coughs. As will be seen from the writings of the eminent Drs. Grover Coe, of New York; Bartholow, of Jefferson Medical College, Philadelphia; Scudder, of Cincinnati; Ellingwood, of Chicago; Hale, of Chicago, and others, who stand as leaders in their several schools of practice, the foregoing agents are the very best ingredients that Dr. Pierce could have chosen to make up his famous "Discovery" for the cure of not only bronchial, throat and lung affections, but also of chronic catarrh in all its various forms in whatever part of the system located.

By reading the writings of these eminent medical men contained in the little booklet recently compiled by Dr. R. V. Pierce, of Buffalo, N. Y., which will be sent free, on request by postal card or letter, addressed to him, as above, the reader will find that all the several native, medicinal roots entering into the "Golden Medical Discovery," as also into Dr. Pierce's Favorite Prescription, for woman's weaknesses and peculiar ailments, are very highly recommended and praised as cures for diseases for which Dr. Pierce advises these famous medicines of his preparation.

Dr. Ellingwood says of Golden Seal root, which is an important ingredient in both "Favorite Prescription" and "Golden Medical Discovery," "it is an important remedy in disorders of the womb." He continues, "In all catarrhal conditions, especially in flabby, muscular relaxation and general enfeeblement, it is useful." Prof. Scudder, late of Cincinnati, says of Golden Seal root, in relation to its general effect on the system, "there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic, useful in all debilitated states." Dr. Bartholow says that Golden Seal root is "valuable in uterine hemorrhage (bleeding), hemorrhagia (flooding) and congestive dysmenorrhoea (painful menstruation)."

Prof. John King, author of the AMERICAN DISPENSARY, says of Black Cohosh root, another ingredient of "Favorite Pre-

scription," "in dysmenorrhoea (painful periods), it is surpassed by no other drug, being of the greatest utility in irritative and congestive conditions of the uterus and appendages characterized by tense, dragging pains resembling the pains of rheumatism." He continues: "It is a good remedy for the reflex (side) aches of unmarried women." He also recommends it for uterine leucorrhoea, also for sterility. He further says, "its action is slow, but its effects are permanent." He also recommends this agent for St. Vitus's dance, also for many rheumatic conditions, as does also Hobart H. Hale, M. D., professor in the Med. Dept., University of Pa. Other agents entering into the "Favorite Prescription" are equally praised in the little book of extracts from prominent medical authors whose published works are consulted by physicians of all the several schools to guide them in prescribing.

"Golden Medical Discovery" as also Dr. Pierce's Favorite Prescription may be relied upon to cure all the diseases and more than all that their several ingredients are represented as curing, by the above eminent physicians, for they are so compounded that each ingredient acts in harmony with all the others and also enhances the curative action. They may be taken conjointly in alternate doses with great advantage.

The most intelligent people are fast coming to the conclusion that it does not pay and is not safe to resort to medicines of doubtful composition when there are those in the market every ingredient of which is published on their wrappers and which are so strongly praised and endorsed by scores of those most eminent in the medical profession. Secret medicines can, of course, have no such professional endorsement.

In favor of Dr. Pierce's medicines is the frank, confiding, open, honest statement of their full composition, giving every ingredient in plain English, without fear of successful criticism and with confidence that the good sense of the afflicted will lead them to appreciate this honorable manner of doing things to them what they are taking into their stomachs when making use of these medicines.

Dr. Pierce feels that he can afford to take the afflicted into his full confidence and lay all the ingredients of his medicines freely before them because these ingredients are of the most approved and most strongly praised by scores of the most eminent medical writers of all the several schools of practice as cures for the diseases for which these medicines are recommended.

Your druggist sells the "FAVORITE PRESCRIPTION" also that famous alternative, blood purifier and stomach tonic, the "GOLDEN MEDICAL DISCOVERY." Write to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., of which he is chief consulting physician.

It is as easy to be well as ill—and much more comfortable. Constipation is the cause of many forms of illness. Dr. Pierce's Pleasant Pellets cure constipation. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, two a mild cathartic. All dealers in medicines sell them.

A good medical book, written in plain English, and free from technical terms is a valuable work for frequent consultation. Such a work is Dr. Pierce's Common Sense Medical Adviser. It's a book of 1008 pages, profusely illustrated. It is given away now, although formerly sold in cloth binding for \$1.50. Send 21 cents, in one-cent stamps, to pay for cost of mailing only for paper-covered copy, addressing Dr. R. V. Pierce, Buffalo, N. Y.; or 31 cents for an elegantly cloth-bound copy.

Has a large list of both improved and unimproved lands for sale at reasonable prices, also some bargains in city property. Farm loans placed at reasonable rates. Call and see me for rates and prices.

HOW TIMES HAVE CHANGED

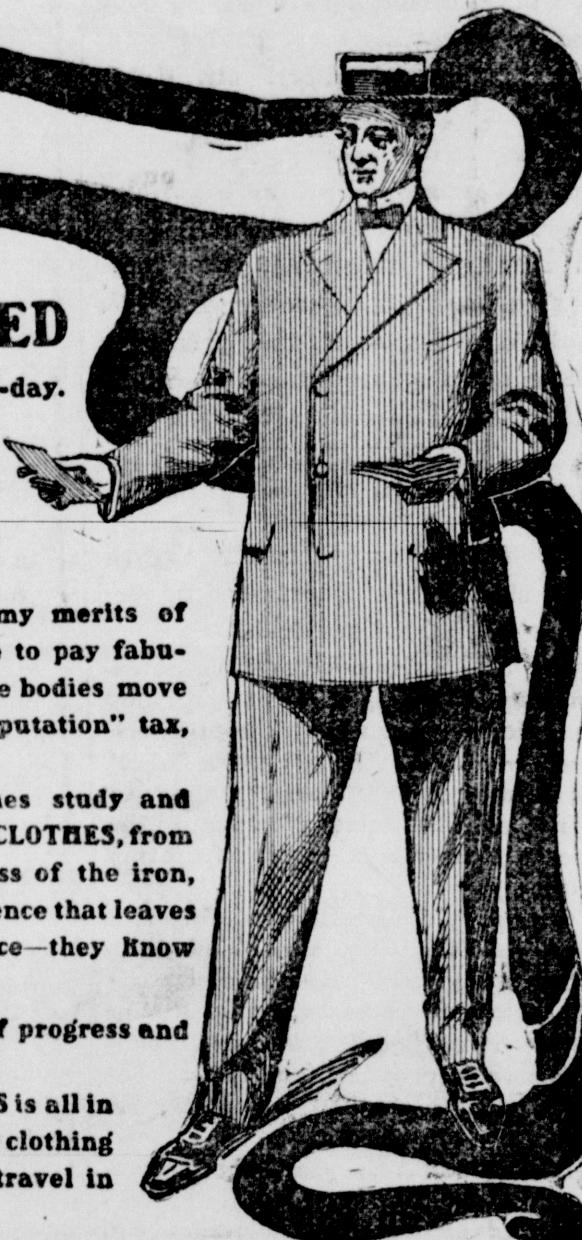

The "Custom made" shoe is almost obsolete to-day. Who thinks of getting a shoe built to order in this age of recognized shoe science? CLOTHCRAFT occupies the identical position in clothingdom; it is to the exclusive shop, what the modern shoe is to the one time shoe-maker.

If every man realized the service and economy merits of CLOTHCRAFT there would be no reason for the excuse to pay fabulous prices for clothes, but the country is big and large bodies move slowly. Clothing with character and without the "reputation" tax, are instantly recognized in CLOTHCRAFT garments.

Think what fifty years of conscientious clothes study and clothes betterment means to wearers of CLOTHCRAFT CLOTHES, from the first stroke of the designer's chalk to the last press of the iron, a chain of critical scrutinies has developed an excellence that leaves clothing buyers practically without a second choice—they know they're safe.

CLOTHCRAFT CLOTHES represent fifty years of progress and you receive the full benefit of this great development.

The advantage of buying CLOTHCRAFT CLOTHES is all in the clothes not in the habit; the CLOTHCRAFT label is clothing insurance—the assurance that "all wool" doesn't travel in shoddy company.

J. F. MURPHY.

Mellow Leaves Make

"INVENTORS" CIGARS

You smoke the real life of the tobacco in "Inventors" Cigars. Intelligent handling retains all the natural aroma—proper curing increases it—and expert blending makes the aroma delicious.

"Inventors" are not heavy—don't nauseate nor rack the nerves.

They're mild but yet have body—delicately fragrant.

They smoke evenly, smoothly, and must draw well—because they are each one all hand made.

All sizes. Same quality.
